

COUNCILMEN
HEAR PROTEST
FROM CITIZENS

NEIGHBORHOOD RESIDENTS
OBJECT TO COAL YARD
BEING BUILT

OLD ORDINANCE DUG UP

City Attorney Informs Council It is Not Effective in Matter of Building Permits

The recent unloading of car loads of coal alongside the Monon tracks adjoining the intersection of Columbia and Gillespie streets at the northwest edge of the city was the cause of a large group of property holders and owners visiting the meeting of the city council, Monday evening, to protest against the establishment of a coal yard at that point. They and others interested, numbering some forty persons, had signed a remonstrance against the prospective incursion of such a business into their neighborhood. This remonstrance was read.

In that connection, the mayor directed the clerk to read an ordinance, adopted by the council in 1910, when John R. Miller was mayor, which, the present mayor said, gave the council sufficient authority to prevent the establishment of a coal yard at that place. However, it was pointed out by the city attorney, Marshall D. Abrams, that the ordinance in question, as was shown by its title, was intended as a fire-protection measure. Mr. Abrams also said that until a request for a building permit for a structure of some kind at the place in question is presented to the council, the latter body has nothing to act upon. The old ordinance fixes a fine of not less than \$100 a day for each day a structure forbidden by the council, under that fire protection ordinance, is allowed to stand.

Several members of the delegation of residents spoke on the matter and all of the members of the council expressed a sympathy with them in the situation, and Councilman Leon Welch made a motion to the effect the council put itself on record as disapproving a coal yard there and the motion was seconded by Councilman Robert Stoner, but, later, the motion was withdrawn, after the other members of the council had agreed they had no jurisdiction.

In the course of the prolonged discussion, City Attorney Abrams expressed the opinion that the fire prevention ordinance of 1910 is unconstitutional and could not be enforced.

Another matter which started an extended discussion was the presentation, again, of a claim by a building material firm, for payment of approximately \$70 for tile which had been brought to extend a natural gas main across a private lot in the city. The claim had been before the councilmen at two preceding meetings and was laid aside each time. Similar action was taken this time, but there was an informal agreement that, at the next meeting, the members of the body would "blow out" the matter, to form a precedent to be followed in similar situations in the future. One of the councilmen asked "I want to know who bought the tile?" but the question was not directly answered. Members of the council mentioned other places in the city where a demand was being made that the city lay tile across private property to carry natural surface drainage.

Another matter that is to be "blown out" at the next meeting is the request from Contractor Rigdon for a deed from the city vacating its interest in the east half of the old hitch lot on north Vine street. He has a deed from the county for its undivided interest but the council has not yet acceded to his request for a definite division of interests there. He bought an undivided half interest from the county, and, as matters now stand, he and the city are fifty-fifty partners in the entire lot and neither has a right to claim any particular part.

The resignation of Charles Broadstreet from the board of trustees of Forest Hill cemetery was presented, he having some two years to serve. Councilman Welch nominated John Rightsell to fill the vacancy for the unexpired term and Mr. Rightsell was elected.

Building permits were granted as follows, on motion by Councilman Gwynn Ensign, seconded by Councilman Welch:

James G. Hughes to build a house in Northwood to cost approximately \$3,000; L. E. Sheridan to remodel his house at 509 south Jackson street, to cost \$200; John Detrich to

Nutrition Exhibit At
Second Ward Building

Visitors at the Putnam County Fair this year will have an added feature, educationally, a chance to get some vital information on Nutrition as there will be an exhibit in the assembly room at the Second Ward building on the three days of the fair. Mr. Walter Hurst a representative of the Board of Health will be in attendance to answer questions. There will also be a list of lectures that can be obtained from the Board.

Ask Partition
Of Millman Land

PETITION FILED FOR TRACT OF
80 ACRES, BY MRS. MILL-
MAN'S SONS

The name of Wade Millman continues to appear in matters which come before the Putnam Circuit court, although his "last will and testament" has been probated, and executors appointed to settle his estate, the objections of his sister, Tamar Huber, to the terms of the will having been withdrawn.

Now, there has been filed in the Putnam court a petition for the partition of a tract of 80 acres of land in Floyd township, the petitioners being Ivan Leathers, Cyril Leathers and Raymond Leathers, who are sons of Mrs. Wade Millman, who was, formerly Ida Leathers.

The defendants named in the petition are Tamar Huber and Madeline and Eugene Huber and Cletis Huber Stewart, who are the heirs of Mr. Millman as named in the will.

The complaint for a partition of the 80 acres sets out that Mr. Millman's will makes no disposition of his interest in this tract of land, which is contained in section 26 of Floyd township.

It is set out that the three plaintiffs, the children of Ida Millman, have an undivided two-thirds interest in the land and that Tamar Huber owns a one-third interest, the land, so it is claimed, having been deeded to Ida Millman, wife of Wade, May 13, 1935. However, according to the complaint, Mr. Millman executed a "purported" mortgage with this land as security for the payment of \$1325, the mortgage being in favor of Nancy Vice, and that he gave his note for that amount, "that said mortgage is wholly invalid and of no effect and was placed on record without said Millman having received from the said Nancy Vice \$1325 or any other consideration," . . . "and said note was without consideration and wholly invalid as a legal obligation."

The petitioners ask that the court order the land be sold and that the mortgage be found invalid. Edgar M. Blessing of Danville is attorney for the petitioners.

Fair, Horse Show
Plans Completed

EXHIBITS OF LIVESTOCK BY 4-H
MEMBERS WILL ATTRACT
ATTENTION

Practically every detail has been worked out for the annual 4-H club fair and horse show which will be staged at Robe-Ann park, beginning Thursday and continuing through Saturday.

Chief interest for those interested in 4-H work, will of course be the exhibits of the boys and girls who are entering their live stock, which ranks with the finest in the county. This stock will be on display throughout the three days and will be followed with a lot of interest by everyone who attends the fair. Much of this stock has been bred and raised by these 4-H members and no doubt the best of it will go to larger fairs for more competition.

The horse show on Saturday will be of much interest to the city and county folks alike, because there is nothing to attract more attention than a fine saddle horse, and Putnam county at this time, ranks high in the development of saddle horses. There will be plenty of competition in all classes, and a good show is forecast.

CIRCUIT COURT NOTES

Margaret Hutcheson of Greencastle township is plaintiff for divorce from Courtland Hutcheson, alleging cruel and inhuman treatment. They were married August 4, 1937, and separated in August, 1938. She asks the restoration of her maiden name, Margaret Shillings. Her attorney is Theodore Crawley.

FLOWER SHOW
TWO DAYS AT
SCHOOL BLDG.

JUDGING WILL BE BY PURDUE'S
PROF. HONEYWELL FRIDAY
MORNING

ENTRIES IN THURSDAY

Expected To Be Best Exhibit Ever Shown Locally; Everyone Urged To Enter

Putnam County residents will be able to witness one of the finest flower shows ever held locally at the Second Ward building next Friday and Saturday. The show will open on Friday morning after the judging, which will be held early in the morning by Prof. Honeywell, head of the department of Floriculture at Purdue University, and will remain open Friday evening and Saturday until 6:00 p. m.

Exhibitors may make their entries until 6:00 p. m. Thursday afternoon at the Second Ward school building. Anyone with any desire to show flowers are urged to place them in the exhibit as it will help build interest and show the citizens of the county that everyone is behind the fair.

Immediately following the judging, at approximately 11:00 a. m., Prof. Honeywell will hold a short open discussion period in one of the classrooms of the Second Ward building. The public is cordially invited to attend this discussion.

On the committee of Rules and Classification Mrs. Denny will be chairman and will be assisted by Mrs. Wells, Mrs. Shields and Mrs. Vaughan.

The Registration Committee is under the chairmanship of Mrs. Terry and Mrs. McCullough and Miss McNary.

There will be a member from each Home Economics club in the county who will assist in arranging the exhibits.

A few helpful hints to remember, as suggested by Kenneth Eitel, would be to cut your flowers late Wednesday and place them in a deep container of cool water in a dark room overnight. This will help keep them fresh longer. Flowers should also be cut with long stems. The length of the stems enhance the beauty of the flowers and is one of the points included in judging the flowers.

There will be a limited number of containers available for the flowers in the flower arrangement classification but if possible the exhibitors are urged to furnish their own container.

In the flower classes the flowers are judged and the containers are not considered. However, in the flower arrangement classification the container is considered in the judging of the arrangement.

Mother Of Arthur
Agnew Died Monday

Mrs. Daisy Agnew, mother of Arthur Agnew of Greencastle, died Monday evening at 6 o'clock at the Vermillion County hospital in Clinton. She had lived in Indianapolis for the last twelve years, but had made her home in Clinton prior to that time. She had many friends in Greencastle, having visited at the home of her son here quite often.

Other survivors are another son, Maurice Agnew of Sullivan, two daughters, Mrs. Mildred Newsome of Cayuga and Mrs. Lucille Lindley of Indianapolis and six brothers of Winamac.

Funeral services will be conducted at Winamac Wednesday afternoon.

TWO STATE FARMERS
SUED BY OIL FIRM

Two suits, each asking \$25,000 damages, were filed by the Socony-Vacuum Oil Co., Inc., against two Delaware county farmers in Federal Court at Indianapolis on Monday. The suits charge that Charles L. Brunner and Ray Engle are alleged to have violated contracts made with the company permitting construction of a crude oil pipeline through their property. The violation, it is alleged, was refusal of the defendants to allow construction of the pipeline to proceed.

The pipeline originates at Mitchell, Ill., and is to terminate at Lima, O., passing through Vigo, Clay, Putnam, Hendricks, Boone, Hamilton, Madison, Delaware and Jay counties in Indiana.

Judging For Girls
Will Be Held Friday

On Friday afternoon at 1:15 p. m. the Girl's Judging Contest will take place when girls fifteen or over will judge exhibits of Baking, Canning, Food Preparation, Clothing and Room Improvement.

Mrs. Calvin Purdue will be the judge of this event, she being named judge of the 4-H girls exhibits due to her experience in this type of work. She has been president of the state Home Economics Association and director of the State Fair School for Girls at Indianapolis since 1934.

The girls receiving the most points, thus proving to be the best judge in judging any one of these exhibits, will be sent to the district judging contest held in Terre Haute next April. Ribbon awards will also be made at this time.

Predict Brake On
Mounting Expenses

DEMANDS FOR ECONOMY AND
PREDICTION OF TRIMMED
EXPENSES MADE

WASHINGTON, Aug. 8 (UP)—The New Deal charted a course of "no retreat" today while conservative Senate Democrats predicted that the next Congress would put a brake on mounting government expenditures.

The demands for economy and predictions that the next session would trim expenditures drastically came from Sens. Burton K. Wheeler, D., Mont., Walter E. George, D., Ga., and Pat McCarran, D., Nev. They expressed the hope that business would make substantial strides toward recovery between now and next January.

"It has been demonstrated beyond any question that we cannot go on spending more than we take in," Wheeler said. "In the next session we will have to try to curtail expenditures drastically."

McCarran predicted that economy would be "the big issue" in 1940, while George forecast even greater opposition to the lending and housing bills "and any other pump-priming measures."

The President's court announcement was occasioned by his signing of a bill to set up an administrative office for the federal courts. That, he said, marked "the final objective of the comprehensive proposal for judicial reorganization which I made to the Congress Feb. 5, 1927."

Mr. Roosevelt conceded that the "precise method" of one of his seven recommendations—that for enlargement of the Supreme Court—was not followed, "but the objective . . . was achieved" through the opinions of the Supreme Court itself.

"We have made mistakes," he said, "Everybody in the administration admits that. All the things we tried have not worked—as we hoped they would—but we tried and when one thing has not worked, we have abandoned it and tried something else, if it were sound."

"The officials of the Republican organization have brought forward Dr. Glenn Frank as their head brain trust and program developer—if any. Dr. Frank up to this good hour has brought forth no settled program but has contented himself with the issuance of statements that can have no more force than the cryptic generalities, which they are."

"The Republicans have offered no substitute program except to advocate a return to the old economic order of giving special privileges to the favored few at the expense of the underprivileged many."

COAL AWARD
MADE MONDAY
BY CO. BOARD

CARBON DEALER AWARDED
COAL CONTRACT FOR COUNTY
HEATING PLANT

BLANKETS ALSO ON DISPLAY

Fancy Appearing Coverings To Be Used In Jail On Display For Benefit Of County Commissioners.

If a Navaho Indian had strayed into the meeting of the board of commissioners of Putnam county, Monday afternoon, and had learned that the bed blankets displayed before the members of the board were, possibly, of the type to be used on the bunks of the new county jail, that redskin might have developed a desire to become one of the residents of that institution, because the blankets were in the red, greens and blues so much favored by the Navahos, and arranged in their beloved, mysterious patterns. If bought, they will certainly give brightness to the present somber concrete-gray and steel-gray of the interior of the county's nearly-completed Alcatraz.

The letting of the contract by the commissioners for the coal to be used at the county heating plant and the county farm, this season, aroused unusual interest, judged by the number of bidders. The contract was given Ralph G. Doven, of Carbon, who bid \$2.35 per ton for stoker coal to be delivered at the heating plant, and \$3.20 for lump coal delivered at the county farm.

Other bidders were:

A. J. Duff, Greencastle, \$3.25 for stoker size, \$3.75 and \$3.30 for lump, delivered.

Norman Clark, Fillmore, \$3.30 for lump for the county farm.

Ott Sears, Putnam county, stoker coal, \$2.10.

John Hinkle, Putnam county, stoker coal, \$2.40.

Roy Wheeler, \$2.47 for stoker, \$2.10 for lump.

Harley Hedge, Greencastle, \$2.40 for stoker, \$3.19 for lump.

Victor R. Hurst, stoker \$2.33 and \$3.25 or \$3.00 for lump.

John L. Patterson, stoker, \$2.40 and lump \$3.50, \$3.05 and \$3.00.

Ernest H. Collins, stoker, \$3.00 and \$2.35, lump \$3.50, \$3.25 and \$3.00.

A delegation of land owners of the county, principally from Cloverdale township but with some from other parts of the county, presented an oral request to the commissioners for the "tracking" of the law by the county highway forces in the matter of weed-cutting along the highways.

An interesting feature of the protest was that it was presented by Representative Renos Richards, of Patrickburg, in Owen county, who was the author of the new law requiring the cutting of such weeds along county highways. Dr. Richards is joint representative from Putnam and Owen counties in the state legislature. Dr. Richards pointed out that the law was prepared by him and passed by the state law-making body to meet the general demand of citizens of the state, who decried the danger of the growth of weeds along roads.

County Attorney John H. James joined with Dr. Richards in explaining the meaning of the law, which, they said, requires the clearing of the right of way of roads from fence to fence of all objectionable vegetation, including weeds and bushes. Dr. Richards and the citizens of the county who were in the delegation were assured the county road administration and employees will cut all the weeds they can afford, that the money available for that purpose is limited.

A claim of Everett Moore for \$50 as part compensation for a total damage of \$170 to his automobile last July, at the overhead crossing of west Walnut street road over the Big Four track to the O. & I. quarry was presented by Mr. Moore and Attorney Theodore Crawley, but the final consideration of the claim was continued to a later meeting. Mr. Moore claims his car was wrecked after he had run into a heap of loose stone on the pavement on the west approach to the bridge, he being forced to run into it to avoid another car. The stone had fallen from trucks.

The commissioners also considered the complaint of Charles Greenlee, present owner of the formerly-designated "Baker's woods," against the emptying onto his land of sewage from a sewer built by the county from the Court House at the time that building was erected, more than

PUTNAMVILLE PEOPLE CRASH
INTO CAR IN NEW
YORK STATE

A few days ago, Mr. and Mrs. Jack Wamsley and daughters of Putnamville, started on a motor trip through the east and the New York fair. Near Syracuse, N. Y., they figured in a head-on collision in which Mr. Wamsley and one of the daughters were injured. A dispatch from Oneida, N. Y., to the Syracuse Herald on August 5, gave the following details:

A father and daughter were injured in a two-car crash on Route 5 near Chittenango yesterday, state police said today.

Martha Wamsley, 15, suffered lacerations and bruises on her forehead and her father, Walter A. Wamsley, 48, of Putnamville, Ind., suffered lacerations to his knees. Both were treated by Dr. John D. Boyd.

The two were passengers in a car with Mrs. Wamsley and a twin sister of the Wamsley girl, May, and another daughter, Mary 10.

A car operated by Mrs. Lawrence M. Beener, of 1186 Lake Avenue, Rochester, was parked on Route 5 when the car stalled. With Beener was Mrs. Charles Rolfe of Henrietta. The Wamsley car appeared on the scene and crashed into the rear of the Beener machine.

Troopers W. C. Ireland and George Plunkett of Oneida barracks investigated. The Wamsley car was towed to Oneida for repairs.

County Board Of
Education Meets

The Putnam County Board of Education met with County School Superintendent Frank Jarrell, Monday, in the board's regular August session.

There was a discussion of the opening of school, the coming teachers' institute, the book list and the budget-making of the townships.

One of the important matters was the setting of the date for the trustees' and assessors' picnic, which, it was arranged, will be held again at Cloverdale, on Sunday, September 10. It will be under the sponsorship of E. S. Walters, trustee of Cloverdale township. All past trustees and assessors of the county are invited.

Dress Review,
Movie At Fair

150 GIRLS WILL SHOW DRESSES
THEY MADE IN THEIR
PROJECT

The Dress Review at the Putnam County Fair will take place on Saturday, August 12, at 2:00 p. m. and will be preceded by a movie on "Posture" and "The Human Race," pictures distributed by the State Board of Health and shown by one of their representatives, Mr. Walter Hurst.

The dress shown in the Dress Review will be shown privately on Saturday morning for the purpose of a close inspection of the pudge, Mrs. Calvin Purdue.

In the afternoon there will be the public showing and the awards will be made during the review.

There will be approximately 150 girls from 10 to 21 years of age showing the garments they have made themselves in their clothing projects.

Miss Marion Black will play the music to accompany the models.

Many of the girls have been working on their projects a long time and it is expected to be one of the best Dress Reviews yet shown.

SADDLE SHOW
EXPECTED TO
DRAW CROWDS

UNUSUALLY ATTRACTIVE PROGRAM
HAS BEEN WORKED
OUT BY SADDLE CLUB

TWO PROGRAMS SCHEDULED

Events Will Be Staged Saturday Afternoon And Saturday Evening As Closing Event Of Fair

An unusually interesting program has been worked out for the saddle horse division of the Putnam county fair, the events of this division to occupy the arena Saturday afternoon and evening.

Some of the classes are open to competition of the wide world, generally speaking, but other events are open to Putnam County horses, only.

In the open events, as well as those for county residents only, some particularly interesting animals will be exhibited.

One of the showiest of the horses exhibited will be the handsome stallion, "King," owned by William Mullin, of Spencer. "King" is a chestnut sorrel. His sire, "King's Fancy," is owned by a Muncie horse fancier. "King" will be exhibited harnessed to a buggy.

There should be a lot of entertainment in the last class to be shown Saturday afternoon, beginning at 3:15. It's amusing character is not indicated by its title—"Farmer class, best saddle horse for farm use." The fancy-gaited horses in the show are apt to snort with disgust when they gaze upon the performers in this event. Any old plug that can persuade his legs to carry him across the field and back, a couple of times, with some interruptions, is eligible, and the rider will not need any fancy costume or tricks in riding. It is the plan to have these riders dash (?) up to a farm gate, open it, speed (?) across a field to another gate, open it, pick up from the ground a sack of oats, put it on the cantle of the saddle, and hustle (?) back, then get a bucket with a stone or two hanging around in it, and back across the course again. It is probable the prize in this event will go to the entrant furnishing the most amusement, rather than to real speed and agility.

The saddle horse events will close at 9:30 Saturday evening, with the naming of the grand champion and the reserve champion.

TALL CORN IS
GROWING TALLER

Emmons Wright, living on Big Walnut creek Washington township, we believe, holds the record for tall corn. At east his latest find appears to be the tallest that has been reported. It tipped 15 feet, standing, and probably if measured from the bottom of the roots, still in the ground, to the tip of the tassel, which would have to be reached on a ladder, the stalk might go nearer 16 feet than the reported fifteen.

The tall stalk, Mr. Wright said, was of the Yellow Dent variety and is growing in rich soil of a Big Walnut bottom, south of Pleasant Gardens.

Urges FDR On Appointment

MINION WANTS GREENLEE NAMED INTERNAL REVENUE COLLECTOR

WASHINGTON, Aug. 8.—Senator Sherman Minton, Indiana Democrat, a prominent New Deal member, Monday urged President Roosevelt to appoint Pleasant Greenlee of Shelby, Ind., as collector of internal revenue at Indianapolis.

Minton called at the White House to say good-bye to the President. He said his only business was the Greenlee appointment.

Minton said that he had urged appointment of the Shelby man, a former member of the United States Coal Commission, but that a routine "check up" by the Treasury Department had held up the nomination.

He said he had no plans for going on the stump during the congressional recess in behalf of President Roosevelt's program.

Minton and his family will vacation in the Panama Canal Zone and go to their home in New Albany late this month.

Minton said he had accepted an

GOVERNMENT IS LIBERAL

CHICAGO, Aug. 8.—The federal government provided one-fifth of the revenues of the 48 states last year, the Federation of Tax Administrators reported today.

Grants to states for such purposes as highways, old age assistance, national guard and land grant colleges rose from \$37,600,000 in 1920 to \$622,000,000 in 1938, the federation said.

Baby Born With Heart Outside Body

MANILA, Aug. 8 (UP)—A baby born with its heart outside the body had survived 24 hours today and doctors feared that an operation to correct its abnormal condition would prove fatal.

The child, a girl, was born to a Mrs. Rafael, 24, and was normal in every respect except that an over-large heart protrudes from the chest, covered only with a thin, transparent pericardial tissue. There is a tiny opening below the aorta which connects the exposed heart to the thoracic cavity where the heart, usually lies.

Dr. Guillermo Del Castillo, who is attending the child, said he doubted that it would survive in its present condition.

A glass bowl placed over the infant's heart prevents infection and permits attending surgeons to watch it function.

File Articles To Take Over Service

PARTY COMMITTEEMEN MAY RUN TRANSPORTATION LINE

INDIANAPOLIS, Aug. 8—A corporation, headed by Frank McHale, Democratic national committeeman from Indiana, and Will G. Irwin of Columbus, Republican national committeeman from this state, filed articles of incorporation here today for the purpose of taking over operation of a transportation service between here and Louisville, Ky., which the Indiana Railroad is proposing to abandon.

Bowman Elder of Indianapolis, receiver for the Indiana Railroad, is listed as a third major stockholder in the corporation.

The articles of incorporation said the new company would be known as the Southern Indiana Railway, Inc., and would have 1,000 shares of no par value stock.

Mr. Elder said the plans of the new company are indefinite and depend on the action by the Public Service Commission on the Indiana Railroad's petition to abandon traction service between the two cities. At present the Indiana Railroad is asking to be allowed to abandon freight service between Indianapolis and Seymour and both passenger service between Seymour and Louisville.

PIANO RECITAL

A piano recital by the students of Mrs. Freda Lawter Nicholson will be given Wednesday evening, Aug. 9, in the Portland Mills church beginning at 8 o'clock. A varied program will be given by the following: Marjorie, Barbara and Betty Jean Francis, Adrienne Webb, Glendora and Vivian Martin, Mrs. Reta Webster and Wilma Jean, James, Charlotte, and Billie Clodfelter, Anita Dicks, Geraldine Miller, Ida Mae and John Wm. Burk, Mary Bell Ensore, Earline Newgent, Ruth Nell Garrett, Dale Newgent, Stanley and Mary Jane Vermillion, John Nelson Wood, June Hutcheson, Mrs. Gladys Thomas and Alberta, Norma Spencer, Doris Ann Alexander, Martha Jean Key, Eleanor Knauer, Betty, Lee and Everett Martin, Floy Dean Knauer, Faunel Brattain, Freddie Oberst, Marilyn Neely, Sharon Lynn McClean, Rozelle White, Martha Spencer, Rosemary Ramsey, Odette Harbison, and John Burkett. The public is invited.

Those Reckless Roving Reporters, Michael Whalen and Chick Chandler, are in again.

This time the nonesuch news-hounds, who were first presented to screen fans in "Time Out For Murder," do their sleuthing in "While New York Sleeps," which opens at the Voncastle Theatre on Tuesday and Wednesday and involves the boys in a murder so mystifying that it has to be solved twice.

In fact, the boys get the police on their own trail when they find themselves in the embarrassing position of having solved the crime before it was committed—and then find the "victim" murdered a second time.
